APPLICATIONS

From the early days of geophysics, magnetic methods have been one of the most commonly employed and effective methods in the earth sciences.

In recognition of this important role, we are pleased to sponsor three achievement awards for best short essays in magnetism.

Awards include the following:

Top essay - \$1250 U.S.

Second essay - \$1000 U.S.

Third essay - \$500 U.S.

Each award also includes a one-year license to Profile Analyst Encom's expert geophysical analysis software.

For further details, please visit www.gemsys.ca/current/magnetic_essays.htm. The deadline for entries is Friday, March 19, 2004.
